SYNOPSIS.

THE CITY. Taft Republicans carry everything in city of Los Angeles and everything in county except one Assembly district, defeating Lincoln-Roosevelt people in every ward in Los Angeles. Fred Dorr to file bankruptcy petition today. Agricultural park to be made a world show-spot. W. H. Hines, veteran in postal service, arrested with stealing letters containing money. Forty cars start in tour from Los Angeles to San Francisco this morning. Bishop Hamilton arrives. Bishop McIntyre leaving. Auto Rental Unit accused killing Mendonza. Collector Farnsworth disappears. Four liquor-selling arrests yesterday. Arizona bridal couple surprised at railroad station. Root-covered linen exhibited in damage suit against poultry. Walter A. May returns with emotion as he tells pathetic story on witness stand. Mrs. McLennan makes accusations against reality men in law suit. Fifty thousand visitors expected for Elks' gathering. Mayor accedes Police Commissioner Fuller's resignation. City budget cut to fit income.

SOUTHERN CALIFORNIA. Aged couple of Santa Ana fast to renew youth. Long Beach baby believed to have been kidnapped at Hollywood. Papers in South Pasadena poolroom case faulty and are returned with emotion as he tells pathetic story on witness stand. Mrs. McLennan makes accusations against reality men in law suit. Fifty thousand visitors expected for Elks' gathering. Mayor accedes Police Commissioner Fuller's resignation. City budget cut to fit income.

PACIFIC SLOPE. Six Arizona rangers leave El Paso to prevent band of fifty Yaquis from crossing Sonora boundary. Mother of Private English, shot by enemy, says she will file further charge and sue for hundred thousand dollars. Physicians declare methods of treating tuberculosis at city and county hospitals of San Francisco are grossly careless. Motor boat containing four men lost on Great Salt Lake. Mrs. Wardwell, the leper, is worse, her husband breaks down and Tombstone, Ariz., authorities are confronted with grave problem. Northern society shocked by announcement that T. M. Stevens had married, having known a Mrs. Stevens for sixteen years, who is not divorced. Republican leaders gather at Hot Springs, Va., for conference with Taft. Seat of exporter predicts that wheat will go to a dollar this year in northwest. Fifteen employees of Diamond Match Company held up and robbed in relay near Redding, after receiving month's pay. President of St. Paul road says track-laying will be completed by January, but Butter Root Tunnel will block operation of trains until May. Two bandits hold up and rob eighteen men and get away. Omaha, St. Paul and Saratoga Springs workers for next grand series of Eagles at Seattle meeting.

GENERAL EASTERN. Mrs. Wm. M. Hahrbush hastens to bedside of dying husband, from she had been separated for twenty years, arriving too late to be recognized. Chairman Frank Hitchcock and Cornelius N. Bliss confer on ways and means of raising Republican national campaign fund. Mrs. Brodie L. Webb-Duke, divorced wife of tobacco king, sued in Chicago for issuing worthless check for fifty dollars. Mrs. Hattie L. M. of Longmont, Colo., must choose between 1899 legacy and her husband's. Assistant Atty-Gen. Russell Pitt to Indian lands on Oklahoma. Government will buy Baldwin's dirigible balloon. Illinois Manufacturers' Association urges railroads to open for season of prosperity.

AN AVALANCHE BURIES THE L.-R. LEAGUERS.

All-Winning Victory in the State for the Regular Taft Republicans.

They Carry San Francisco, Take the Whole Thing in Sacramento, Capture Santa Clara, Leave "no Core" for Anybody in San Joaquin Valley — "Regulars" Will Have Big Majority in the Legislature and Elect a United States Senator.

THE triumph of the Taft Republicans (regular organization) over the variously named L.-R. League, in the State, yesterday, was a tremendous landslide. The regulars carried all the principal cities in the State except Fresno—winning all but five of the eighteen districts in San Francisco, taking all of Sacramento, sweeping every district in the city of Los Angeles, and winning everything but one Assembly district in Los Angeles county. The leaguers will not have more than one-third of the State convention. They will have but a sprinkling in the State Legislature. The regulars will have everything their own way in both Senate and Assembly and will elect a United States Senator, and all the regular Republican nominees for Congress, including Hayes of San Jose, against whom the fight was fiercest, are winners. Libeler Spreckels in San Francisco and Libeler Earl in Los Angeles were cast down and humiliated.

SAN FRANCISCO, Aug. 11.—[Exclusive Dispatch.] The Taft Republicans scored a sweeping victory in the primary elections held throughout the State today. While returns are incomplete it is certain that the Lincoln-Roosevelt League will not have more than one-third of the delegates in the State convention. In district and county conventions also the regulars have won a complete victory. The fight was most bitter in San Francisco, where, out of eighteen districts, the regulars captured thirteen. Alameda county was the only bright spot for the leaguers. The cities of Oakland and Berkeley were won by the league; but Alameda city and county outside of the cities went for the regulars.

In San Joaquin county there was a landslide for the regulars, the leaguers being beaten in every district. Sacramento went the same way by a vote of 2 to 1, the vote for the regular ticket being 2492 to 925 for the league. In Fresno there was no contest, the league ticket being the only one in the field. Santa Clara county was easily captured by the regulars, although Palo Alto and Stanford University gave the league good majorities. As a whole the county went strongly for regulars. Congressman Hayes will be renominated. Humboldt county, which has been regarded as one of the strongholds of the league, split after a hard fight. The leaguers name a Senator, while two Assemblymen will be regulars.

IN SAN FRANCISCO. Taft Republican delegates elected to the local convention—108. Lincoln-Roosevelt League delegates elected to the local convention—53. Total—172. The regular Republican organization carried at least thirteen of the eighteen Assembly districts in the local primary, leaving five as the score of the Lincoln-Roosevelt League. This five includes the Thirty-second, known as Dick Welch's district, and which is not claimed by the regulars, as Welch trained with the league and will probably turn in his delegates to that movement. The regular Democratic, or McNab ticket, scored a similar victory over the San Francisco Democratic club, otherwise the Bell machine in that organization.

The victory of the regular Republican insures the nomination of both Kahn and Hynes to Congress. Advice received here tonight from Sacramento, Alameda, Los Angeles and other points in the State indicate that the regulars will name the eight Congressmen from California and elect them. The regulars in the city carried both the Fortieth and Forty-first districts, and the capturing of either of these would have insured the nomination of Kahn in the Congressional convention. The carrying of the Thirty-seventh and Thirty-eighth districts by the organization would seem to assure Eddie Wolfe a renomination for the State Senate, as he was made an issue in the fight. It would also indicate that Jack McNamara will be nominated for the Assembly from the Thirty-seventh and San Beckett would return from the Thirty-eighth.

The Independent Club of the Thirty-ninth won in this, as at the last primary by a large majority. McMurray, the leader of the Independent movement, has been talked of for Superior Judge and for Congress, but it was rumored today that the Assembly was also his reduced state of health.

LEAGUE LOSSES. One of the liveliest contests of the day was in the Fourth District, where Julius Kahn was the main issue. This district, which had been carried by the league at the main primary, gave the organization a majority of approximately 500 votes. An illustration of the change of sentiment in this district, Dan Ryan, who carried his precinct by 2 to 1 at the previous election, was defeated by four votes in his own balliwick.

PROM STATE COMMITTEE. Gen. George Stone, chairman of the Campaign Committee of the Republican State Central Committee, said tonight:

STATE PRIMARIES.

MISSEDI

TOO LATE.

DEATH ENDS ESTRANGEMENT.

WIFE, TWENTY YEARS ABSENT, HASTENS TO BESIDE.

NEW YORK, Aug. 11.—[Exclusive Dispatch.] News that Dr. William M. Hahrbush, the famous analytical chemist and owner of the Hahrbush Wire Company, was dying in his Saratoga home, No. 117 Union Avenue, has ended the estrangement between him and his wife which has endured twenty years.

Mrs. Hahrbush and her daughter, Mrs. Hendrik Van Broeckhuysen of Mount Vernon arrived at Saratoga today and hurried to the bedside of the sick man. Neither mother nor daughter had seen him for twenty years and when they got there he was unconscious as he had been for almost a week.

What brought about the estrangement the friends of the couple never learned. They simply separated and never saw each other thereafter. There were no legal proceedings of any sort. The distinguished chemist was fifty-three years old and his wife only a few years younger. There was only one child and she elected to go with the mother.

SELLS WHOLE TOWN.

R. L. Burton Gets Three Million Dollars for Woodmere on Long Island.

NEW YORK, Aug. 11.—[Exclusive Dispatch.] R. L. Burton sold the town of Woodmere, L. I., today for \$3,000,000. It was bought by the New Woodmere Land Association. Mr. Burton bought the old town of Woodburg from the Woods long before the under-river tunnels were projected and began to develop it as Woodmere on the most picturesque lines. He intended to keep it permanently in his family. But his health failed subsequently and he hastened to Europe for treatment a short time ago, leaving power of attorney with his brother to dispose of the property.

KILLS PROHIBITION BILL.

Judge H. P. Wells in Oklahoma Declares Act is Unconstitutional in Technical Points.

COALGATE, Okla., Aug. 11.—[Exclusive Dispatch.] The Oklahoma prohibition and liquor dispensary law, known as the Billups bill, was declared unconstitutional today by Judge H. P. Wells, following the conclusion of a trial involving a violation of the prohibition law. The constitution provides specially that each law enacted by the Legislature shall treat of only one subject, and the Billups bill is held unconstitutional because it treats of several subjects. Judge Wells also holds that the search and seizure clause is not clearly expressed in the law's title, as demanded by the constitution.

EVANS TO BE RETIRED.

WASHINGTON, Aug. 11.—Rear-Admiral Robley D. Evans, late in command of the Atlantic battleship fleet, will be placed on the retired list on August 15, next. He is now at Lake Mohonk, N. Y., on leave of absence.

AERONAUTICS.

NATION WILL BUY BALDWIN'S BALLOON.

Government Officials Satisfied Even Before Speed Trials That Dirigible Is Acceptable—Aeronaut Covers Five Miles in Test.

WASHINGTON, Aug. 11.—The military dirigible balloon, built for the Signal Corps of the army by Capt. Thomas R. Baldwin will be accepted.

"We are going to buy Baldwin's machine; we need it," said Gen. James Allen, chief signal officer, and yesterday he indicated that failure to comply with the speed requirements will prevent the purchase of the airship.

If, in the first official speed test, Capt. Baldwin's balloon makes less than sixteen miles an hour, Gen. Allen may so change the method of determining the speed that in the second trial flight Capt. Baldwin's dirigible balloon will make the required speed.

The official speed trial was again postponed today, but a preliminary speed trial was made with Mr. Curtis and Capt. Baldwin aboard.

Capt. Baldwin again took a westerly course in order to become familiar with the official course lying in the direction of Falls Church. It is estimated an average speed of 15 to 16 miles was maintained. There was a large number of spectators, including Secretary of War Wright and James Allen, chief signal officer, present, but the balloon flights are becoming scarce, as the Civil War would have been in the hands of the army officers who have been in attendance heretofore were not present today.

Greater interest seems to center in the airplanes to be tried at Fort Myer by the Wright brothers and A. M. Herring. The latter has requested an extension of thirty days in the time in which he is to deliver his machine, which will be granted.

(Continued on Second Page.)

FRENCH FEAR BAN ON WINES, WANT FRUIT ADMITTED.

WASHINGTON, Aug. 11.—[Exclusive Dispatch.]

The State Department today received a cable message from Ambassador White stating that he had asked the French government to suspend the order restricting the importation of California dried fruits into that country until a report is received there from a commission in this country sent here for the purpose of making an investigation. These fruits are barred from France on the grounds that sulphur is used in the process of drying. The commissioners expected to report whether or not such fruit is deleterious to the health.

The officials at the Agricultural Department say that the French use sulphur in the manufacture of the fine wines imported to the United States; that being the case, this government could retaliate and bar from this country French wines.

OVER THE HORIZON.

IS CLOSE AT HAND

Manufacturers See Prosperity.

Urging Railroads to Be Prepared for Return of Business.

Open Big Campaign

Prevent Threatened Car Shortage in Fall.

Reports from Industries

Over Country Indicate Normal Trade Soon.

CHICAGO, Aug. 11.—[Exclusive Dispatch.] Apprehensive that return of general prosperity, which is believed close at hand, and the increased traffic caused by the excellent crops in the West will find the roads unprepared, the Illinois Manufacturers' Association is planning a campaign to prevent a car shortage this fall.

At the regular monthly meeting of the board of directors of the association, Friday, the question will be discussed fully, with the idea of determining upon some mode of proceeding for imposing upon railroad officials the urgent necessity of getting the rolling-stock equipment in such condition that when the heavy traffic incident to moving the crops falls upon them they will be prepared to meet them as expeditiously as possible, without disastrous and vexatious delays such as were experienced years ago.

The officials of the association believe business is going to be normal again this fall, and their opinion, they say, are based upon reports from industries all over the country, as well as upon the fact that the crops are being harvested. They also believe the roads have neglected the usual rolling stock during the dull period and that they are not displaying sufficient activity in making repairs. Fred W. Upham, president of the Illinois Manufacturers' Association, said today:

PROSPERITY MARCHING ON. "Unless something is done at once to relieve the situation, there is big chance that we shall have another shortage this fall as bad as it has been several times before. In spite of the reduced traffic of the last months' prosperity is returning rapidly, much more so than the public statements of railroad men, in their arguments for increased rates, would lead one to believe.

"When I do not predict such a shortage as that of two years ago, it is bound to be one unless the roads show more haste to put their equipment in condition for service. If roads are going to assume a pessimistic attitude, then the shippers, who are most interested as they must to a hand."

"It has not been decided what to do, but we will make a communication to the railroads, expressing our views as to the coming improvement in business conditions, asking them to make every endeavor to have their cars ready for us when comes."

LEFT TO DETERIORATE. The new equipment for modern passenger locomotives and left them to deteriorate at their shops, while their shops have been closed or run on short time. The Interstate Commerce Commission frequently have predicted a shortage this fall and one of the most railroad authorities in the country declared the other day that freight cars January 1 next than 100,000 cars. The Interstate Commerce Commission in the transportation capacity of the country, he added, was the ability of the railroads to earn enough or borrow money to replace the worn-out cars, which, under normal conditions, amounts to about 10,000 cars. This loss is greater, he said, than the shortage in freight cars in October.

July 1, according to the report of the Committee on Car Efficiency of the American Railway Association, a number of surplus cars in the United States and Canada was 308,880. While railroad officials today declare that they are not worrying about having enough cars, men who are in touch with the situation estimate 100,000 cars will have to be expended to secure the proper equipment to handle the big crops.

OLD HERO DECLARED DEAD. Gen. D. H. Rucker Told by Life Insurance Company That They Will Consider Him Gone.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Aug. 11.—[Exclusive Dispatch.] Brig.-Gen. D. H. Rucker, retired, the father of Mrs. Phil Sheridan and himself the hero of many battles, has been declared "dead" by the New York Life Insurance Company. Gen. Rucker, however, does not admit that he is dead or anywhere near it; in fact, after receiving the notification from the insurance company, he marched down to a local office in New York, where he is still alive and the manager that he is still alive.

Gen. Rucker is 84 years old and the insurance company using the term "dead" in its policy books, has figured that no man can live to be 90, that age, so that it is now deemed that the old soldier's name is "dead," paying him his policy and naming him "demised."

In this city and his record is a remarkable one. He leaves the church with a membership of 2000, which makes it one of the largest of the Methodist denomination in the world.
During his last year as pastor, there was talk of a new church to accommodate the crowds who wanted to hear him. His success as a pulpit orator was only equaled by his ability in other directions. His successor, Rev. Dr. Locke, is expected here about October 1.
DR. FISHBURN COMING.
Rev. Dr. William H. Fishburn, of Camden, N. J., has accepted a call to the Grand View Presbyterian Church at West Adams street and Vermont avenue and will begin his duties as pastor on October 1. The invitation was unanimous.
The First Presbyterian Church of Camden from which the doctor comes, has a membership of 700. On a recent visit to the general assembly in this city, he expressed a desire to come to Los Angeles, and members of Grand View Church remembered this when they were in need of a pastor. The church has a membership of 250. Since last February, when Rev. A. G. Fessenden resigned, the congregation has been without a head. For the past six weeks the pulpit has been supplied by Rev. C. C. Patterson of Toronto.

HUNDREDS AT Y.W.C.A. PARTY.
Interesting Programme Well Rendered on the Roof of the New Building Last Night.
Between 300 and 400 young women attended a party given by the Young Women's Christian Association last night on the roof of the new building. The setting was made beautiful with plants and Japanese lanterns. Many visitors in the city, interested in the work of the association elsewhere, were in attendance. The following programme was well rendered:
Recitation, German dialect piece, Miss Lucy Howell; recitation, Kipling's "How the Whale Got a Small Throat," Marion Horton; encore, "How the Camel Got His Hump," recitation, "The Elucution Class," Miss Maude Howell; song by a Japanese girl, Miss Anita Shepherdson; recitation, "Bird's Christmas Carol," Miss Deane; special Stanford stut, "Anthropophagites," Stanford girls; Miss Trace as director.

CROSS-COUNTRY RUN.
Los Angeles Athletic Club to Have Chase to Venice Within Next Two Weeks.
The Los Angeles Athletic Club announces a cross-country run from Los Angeles to Venice for Saturday, August 22, in which the entries will be divided into two classes, starting from the clubhouse at 8 o'clock and 5:30 o'clock in the morning. It is to be a go-as-you-please event, and it is hoped that it will prove the forerunner of many such.

The bulletin was posted yesterday, and two entries were made at once. They were George Ritter and G. W. Isaacs. Many other are expected within the next ten days. There seems to be nothing to prevent the club developing a man capable of competing in the next Marathon race, if local advantages are properly utilized.

BOYCOTT ON IN SANTA FE.
SHIPPERS OF NEW MEXICO CITY TAKE ISSUE WITH RAILROAD.
Merchants of Famous Old Town Who Want a New Passenger Station Join in Agreement not to Ship Goods Until They Get It, Declaring Fight to a Finish.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
SANTA FE (N. M.) AUG. 11.—It has just come to light here that the merchants and business men of this city, with but few exceptions, have declared a boycott against the Atchison, Topeka and Santa Fe Railway Company. This boycott is already costing the railroad company between \$5000 and \$10,000 a month in the loss of freight shipments and passenger business.

The boycott has been instituted for the purpose of compelling the Santa Fe railway to build a new passenger station here and at Lamy Junction, where the branch line from this city makes a connection with the coast lines. Although it was stated a short time ago that the officials of the company had decided to build handsome station buildings and tourist hotels at both Lamy and Santa Fe, it now develops that this promise if made as alleged, is not to be kept.

TWENTY YEAR FIGHT.
The commercial organizations of this city, its business men and citizens have for twenty long years begged, demanded and threatened the Santa Fe Railroad Company in an effort to get it to replace its ramshackle buildings in the capital and at Lamy Junction with decent edifices. At present old frame structures that are a disgrace and an eye-sore are serving as passenger depots. The citizens here claim that this city is entitled to a handsome station from the road which derives the principal part of its name from New Mexico's capital city.

The recent construction at many towns along the Eastern Railway of New Mexico of handsome and commodious passenger depots and station buildings, towns which have only a few hundred inhabitants at the most, aroused the ire of the people of Santa Fe and forced them to adopt harsh measures in order to bring the railroad company to its senses.

OPPORTUNITY
Where's the man who wouldn't jump at an opportunity to buy his hats and furnishings at wholesale?
Here's just that opportunity. It's at Siegel's—Nate Siegel's now, for the business has been reorganized and is owned solely by him.
That's the reason for the wholesale prices—re-organization—certain regular lines and all summer lines must go. Wholesale prices are all we ask.
Today you can buy

SPORTS THINK GANS IS REAL DEAD ONE.
[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, Aug. 11.—(Exclusive Dispatch.) Several sports who have returned from Harbin Springs, where Joe Gans has been staying since his defeat by Battling Nelson, give gloomy reports of the great champion's condition, and these reports are borne out by photographs. They say the excessively hot weather Lake county has had a very bad effect on Gans, and that he is lean and drawn, with the face of an old man.
Gans picked up weight at first, when the weather was good, but lately, since the mercury has run far above the 100-degree mark, he has lost flesh until he is only 134 pounds. He seems to make him ruffled. He looks tired, and lately he has lost his appetite.
Joe attributes this to the heat, and says he will be all right when he goes to the seacoast next week. He is optimistic, and says he feels well, but his looks certainly belie him, and his step lacks its old ginger. If he gets into shape for his return fight with Nelson it will be miracle.
Lauder-Trendall Co.
Leonard Lauder and Young Trendall have been matched for the main event at the San Pedro Athletic Club for August 28. They will make 150 pounds at 5 o'clock on the day of the fight and will come out on the side of which he

BIG TUNNEL DELAYS ROAD

St. Paul Coast Extension Near Completion.

Track Laying Will Be Done by January First.

Bitter Root Bore Will Hold up Trains Till May.

(BY DIRECT WIRE TO THE TIMES.) TACOMA, Aug. 11.—(Exclusive Dispatch.) President Earling of Chicago, Milwaukee & St. Paul announced today that track laying was completed on the coast extension of his road, and that the Bitter Root tunnel by January 1.

The tunnel will be completed by the end of the month, and the trains permitted to pass through the big bore not later than May 1, so that through service to Tacoma can be inaugurated by that date.

Another Example. "CONSPIRACY" IS EXPLODED

CLAUDIANES SAYS BROTHER IN GRUDGE AGAINST GALLAGHER

Personal Quarrel at Bottom of the Bomb Explosion, Out of Which Graft Prosecutors Tried to Build Plot, Backed by Prominent Citizens to Intimidate Witnesses.

(ASSOCIATED PRESS NIGHT REPORT.) CHICAGO, Aug. 11.—Peter Claudiane, arrested yesterday by Detectives George E. Burns and San Francisco, declared that he would willingly return to California, and would make a complete statement of all he knows about the explosion which wrecked "Jim" Gallagher's residence in San Francisco.

"It will incriminate my brother," he has forced me to do it," declared the prisoner. His brother, John, he insisted, exploded the bomb as a result of a personal quarrel with Gallagher.

"I was at Reno, Nev., at the time the explosion," said Claudiane. "The police knew me for a gambler when I heard of the attack on Gallagher's residence. I thought it best to leave. I went to Chicago, Nev., and I was charged with my way to St. Louis and Chicago, as I was practically broke."

"Before this, however, I visited San Francisco and met Detective Burns. Then I jumped back to Reno and wrote to John Claudiane, a friend, in San Francisco, to forward my clothes. This latter put the police on my track, and I came East. I took a job in a hotel in a hotel, and was surprised that he had recognized me, and I would have cared if he had."

KOOTENAI BURNED DOWN

Forest Fire Wipes Out Idaho Town and Point Is Threatened With Destruction.

(ASSOCIATED PRESS NIGHT REPORT.) RAND POINT, (Ida.) Aug. 11.—The wind blowing a gale and the forest town of Kootenai wiped out. It means that no power can save the town.

At 5 o'clock this evening a powerful fire north of Kootenai was blown into the town and the town of the Humboldt Lumber Company was a \$200,000 mill at Kootenai was burned to the ground and was completely destroyed.

The fire is within 200 feet of the Panhandle smelter, which is threatened. The homeless people of the little hamlet of Kootenai have been brought here and are being cared by citizens. All of them lost their belongings. Over 200 volunteers fighting the approach of the flames. Rand Point has a population of about 10,000. An appeal has been sent to the Spokane fire department for aid.

WASHINGTON BRIEFS

Promotions in Treasury. WASHINGTON, (D. C.) Aug. 11.—G. C. Banta has been appointed assistant Treasurer of the United States in place of the late J. L. Malone. Banta was an employee of the Treasury Department for thirty-two years. William H. Gimes, assistant director of the cash room, was promoted to deputy assistant treasurer, in place of Mr. Banta. James A. Sample, new chief of division, was appointed to the assistant cashier.

Sign Convention With Uruguay. WASHINGTON, Aug. 11.—Edward C. Warren, American Minister to Uruguay, has telegraphed the State Department that he has signed with the Uruguayan government a naturalization convention between the two countries. The convention now goes to the United States for ratification.

Government Maintains Right. WASHINGTON, Aug. 11.—The Commissioner of Internal Revenue has informed William M. Hough, attorney of the National Wholesale Liquor Dealers Association, that there is no authority of law for the government to prohibit the marketing of alcoholic liquors in the case of retailers who are not engaged in the business of distilling.

FIFTEEN KILLED IN MINE. WASHINGTON, Aug. 11.—The United States Geological Survey has reported that fifteen men were killed in the DuPont mine.

Mr. Tyler, the Upland hustler, in the hammer score yesterday, scored was 2115, jumping her over the scores of Ramona Carter, Laura and Gladys Hill, and putting her less than 2000 votes of March.

Riesenberg, the energetic Pasadena lad, brought over 1800 points, slipping into twenty-first place, over the head of Myrtle Hall, who is now only thirty-eight points. Hazel Pester, his new annual he turned in yesterday having long way toward slipping up the ladder in other new annual places. She snatched yesterday's position from the head of Myrtle Hall, who is now only thirty-eight points. Hazel Pester, his new annual he turned in yesterday having long way toward slipping up the ladder in other new annual places. She snatched yesterday's position from the head of Myrtle Hall, who is now only thirty-eight points.

The Times Scholarship Contest 1908.

To make sure students get proper credit for the points, remit amount to The Times or give the money to the student you wish to favor.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery, one year ago, the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin affections. Heretofore, poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at the Owl Drug Co. and other leading drug stores in Los Angeles, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

Maple Wessell and Myrtle Elgin are tied this morning, each having 811 points. Myrtle is pushing the Huntington Park champion hard and will make her battle to keep her lead. The top eight occupy the same relative positions this morning that they did Sunday. Each contestant has a substantial lead over the one next below and yet all are working as like whirlwinds that there is no telling when the whole order of things will be upset.

Marguerite Jones came in yesterday and got the tennis racket which she won as a trophy for securing the greatest number of new subscriptions during the two weeks ending Saturday last.

As the fine Wright & Dutton racket was handed her, Marguerite's pretty blue eyes lighted with pleasure and she promised herself lots of amusement with her new possession. She bore her prize away in triumph and the other contestants vowed that there that they would emulate Marguerite's example and capture some of the fine special prizes which will be awarded every two weeks to the boy and girl getting the most new subscriptions.

THE PRIZES.

Besides the valuable scholarships for which the young people are working, The Times offers fifteen cash prizes for those making the highest scores next to the top liner, who will receive the prize piano. The cash prizes, totaling \$1200, are arranged as follows:

No. 1	\$200
No. 2	150
No. 3	125
No. 4	110
No. 5	100
No. 6	80
No. 7	65
No. 8	50
No. 9	40
No. 10	35
No. 11	25
No. 12	20
No. 13	15
No. 14	10
No. 15	5

The first prize to be awarded to the winner of the contest is, in addition to a choice of scholarships, a splendid Fairbanks piano from the Southern California Music Company, valued at \$400. It is a beautiful instrument of superior construction, handles as an old and reliable company as a special feature, and is doubly guaranteed. It is known among musicians for its exquisite tonal quality and responsive action. The case may be of rich mahogany or dark oak.

THE SCHOLARSHIPS.

Below is a partial list of the scholarships offered in the contest. It will be increased from time to time as the number of other institutions will be included.

- Immaculate Heart College, Hollywood.
- Brownberger Home School (business college).
- The Eva Keller School of Music.

ALL QUIET ON SARATOGA TRACK.

Sheriff Bradley, as Usual, Present With Force of Deputies—Brocket Makes Statement.

(ASSOCIATED PRESS DAY REPORT.) SARATOGA (N. Y.) Aug. 11.—All was quiet at the race track this afternoon. Sheriff Bradley, with a force of deputies, said that the fact that he had been summoned by Gov. Hughes to answer charges of misconduct in office would not change his decision to check good.

EXPATRIATE EXTRADITED.

GAVE BAD CHECK FOR AUTO. (ASSOCIATED PRESS NIGHT REPORT.) LONDON, Aug. 11.—Mandeville Marjorie Hall, a New Yorker, residing in Paris, was today committed for extradition to France at the Bow Street Police Court on the charge of obtaining a \$5000 automobile in Paris on false pretenses. Hall paid for the car by check. He explained that he thought his lawyers in America had paid into the bank enough money to make the check good.

The extensive sale of

Dr. Price's Delicious

Flavoring Extracts

at their perfect purity

YOUR HOME will be healthier when you keep bottled Schlitz. The barley is food—the hops are a tonic. And the drinking of liquids flushes the system of waste.

Every doctor knows that most people drink too little. On this account, their systems become clogged with waste. There lies the main good of watering places. They induce the drinking of water.

That is one reason why the drinking of beer is good for you. It leads you to drink more liquid than you would drink without it. And that liquid is both a food and a tonic.

The sturdiest peoples of the earth drink the most of it. But be sure that the beer is aged, so it will not cause biliousness. And be sure it is pure. Schlitz beer is all healthfulness.

Ask for the Brewery Bottling. Common beer is sometimes substituted for Schlitz. To avoid being imposed upon, see that the cork or crown is branded Schlitz.

NEWS AND BUSINESS.

Murphy Addresses Police.

Thomas Murphy addressed the police last night and distributed blue ribbons and pledges among them. He spoke on the graft question and the temptations that assail the officers in the way of bribes, drink, and alluring women. He said he believes there is a great future before "Greater Los Angeles," and that the police department of the enlarged city will be the best in the United States. Francis Murphy sang.

Just Escapes Death.

Clarence Knox, 35 years old, who lives at First and Vine streets, while at work in the plant of the Los Angeles Brick Company in the Chaves Ravine, yesterday morning, was caught on a shaft and whirled around and around before the machinery was stopped. He sustained a severe fracture of the left leg and bruises on the head. After treatment at the Receiving Hospital he was taken to his home.

Eight More Substitute Carriers.

Eight substitute carriers have been selected from the civil service list by the Postmaster. They will take the place of regular carriers on vacation, and will be in line for permanent work as the Department at Washington grants an increase in the force. The Postmaster states that the authorities have been very liberal in approving his recommendations but they can hardly realize the tremendous increase in business in the local post office. In a few years it will be the largest office west of Chicago. It is now surpassed only by San Francisco, which has the advantage of Oriental mail sent by steamer to all parts of China, Japan, Australia and other points on the Pacific.

BREVITIES.

To Let—Handsome fitted office and exhibit space or desk room, also basement, in premises occupied by new branch office of The Times at 531 S. Spring st., splendid location, suitable for California products display and well adapted for headquarters of excursion, steamship or railroad enterprises, as well as mining exhibits. Established information bureau now conducted in connection. For particulars and rental cost, apply on premises, or to Manager's office in the Times Building.

Dr. Harry A. Seaton is getting up a party to go hunting and fishing on the Colorado River. For particulars see Dr. Seaton, 409 Union Trust Bldg., city.

Installation of Mason Smokers' Company's furnace, with Kiltie burner, has been completed for the new Kerkhoff building, Sixth and Main.

Eyeglasses properly tested; glasses fitted, and weak eye muscles strengthened. Dr. McLeary, eyeglass specialist, 424 S. Broadway.

Sweetest sample shoe yet. New York sample shop, 5th floor, 517 S. Broadway. Women's, \$2; men's, \$2.50; worth to \$4. Cummings offers a swell lot of men's \$5.50 brown oxfords for \$4 this week, 531 South Broadway, remember.

Dr. Percival returned, office 2nd floor, Harborview Bldg., after Aug. 10. Hours 12:30 to 10 a.m., 2 to 4 p.m.

Feed grape juice, root beer, lemonade; a cool room. Corner Cafeteria, Third and Hill streets.

Drs. Hayden, osteopath, 516 Auditorium Bldg., residence, Hotel Chickasaw. Furs remodeled. D. Bonoff 224 S. Bdwy.

There are undelivered messages at the Postal Telegraph-Cable office, 421 South Spring street, for Mrs. Will Pelton, B. Swanson, C. J. Van Vleet, Frank E. Hard, Miss Grace E. Holland, Merritt C. Holman, Mrs. Nellie G. McGill, A. C. Blumenthal, Joe Altman, Mrs. Kate Avery, and cable for Bernard Giovanni.

PERSONAL.

J. B. Rice, a mine operator of Blaine, Ariz., is staying at the Van Nuys. W. F. Curry, an oil well owner of Arroyo Grande, is a guest at the Hollenbeck.

W. H. Small, a mining engineer of Lordsburg, N. M., is a guest at the Hollenbeck.

Marcus A. Smith, the Arizona Congressman from Tucson, is a guest at the Alexandria.

C. H. Wickham, an attorney of Tucson, N. J., is a guest at the Hollenbeck for a few weeks.

Charles N. Swanson, a broker of Chicago, is spending a few days of relaxation at the Hayward.

C. Hirsch, a merchant of Houston, Tex., is registered at the Hayward during a business visit here.

A. Dundinnir, a cotton broker of Atlanta, is a guest at the Westminster for the remainder of the week.

A. W. Nichols, a dry goods merchant of Denver, is staying at the Hayward while here on a business mission.

W. W. Carney, a mine operator of Nogales, Ariz., is a guest at the Hayward. He is enjoying a vacation.

J. R. Agee, a New York overall manufacturer, is a guest at the Nadeau during a pleasure trip to the Coast.

J. V. Von Best, Jr., and N. B. Taylor, steel manufacturers of San Francisco, are registered at the Alexandria.

E. Kirschbaker, manufacturer of underwear of Chicago, is a guest at the Nadeau while here on a business trip.

Robert Erwin, a general merchant of Selma, Ariz., is staying at the Nadeau while in the city on business.

Dr. and Mrs. F. S. Gould, well known Santa Barbara society people, are visiting local friends. They are at the Landergham.

D. J. Nickum, interested in Utah and Nevada mining properties, arrived at the Hollenbeck from Salt Lake City yesterday.

C. Durward, wife and daughter of Yuma, Ariz., are guests at the Hollenbeck. Mr. Durward is proprietor of a general merchandise store.

R. A. Hill, an exporter of cotton, and his wife are staying at the Westminster while here on a pleasure trip. He registers from a well-known Goldfield mine operator, who has for a week past been a guest of George Wingfield of Catalina, arrived yesterday at the Alexandria. He will proceed tomorrow to Goldfield to look after his interests.

A. M. Brown, mining broker of El Paso, Tex., arrived yesterday at the Van Nuys, accompanied by his wife and son. They will remain indefinitely.

C. B. Hollywood, secretary of the California Packers' Association of San Francisco, is staying at the Hayward while investigating local fruit affairs.

Dr. A. A. O'Daniel, a prominent practitioner of Philadelphia, his wife and Mrs. M. J. O'Daniel, form a tourist party which is quartered at the Alexandria.

N. E. Barker, a retired Chicago banker, who has been spending the summer at Catalina, has taken apartments at the Alexandria for an indefinite stay.

G. W. Scarberry, a wealthy South American cattleman, is a guest at the Van Nuys. He registers from La Playa, Bolivia, and is here on a pleasure and business trip.

Rev. J. Arthur Evans returned to Hollywood from London yesterday. He has been attending the Pan-Anglican conference as delegate from the diocese of Los Angeles.

Ann M. Bushnell, his mother, Mrs. C. M. Bushnell, Mrs. N. I. Williams and her daughter formed an auto party which arrived at the Westminster yesterday from San Diego.

Among the guests at the Hollenbeck are William L. Wolf, a hatter of St. Louis; W. P. Eichbaum, a pump manufacturer of San Francisco, and E. C. Murray, hotel proprietor of Dallas, Tex.

A. G. Foale of London, who came to America several weeks ago to visit relatives, is a guest at the Angelus. His brother, Y. P. Foale of Sacramento, accompanies him on a trip through Southern California.

L. J. White, president of the First National Bank of San Diego, Mrs. Frances J. White, Miss Lucile White, Joseph O'Brien and Miss Alice O'Brien of Portland form a pleasure party staying at the Van Nuys.

William White, a retired capitalist of Louisville, accompanied by the Misses E. and P. Harris, is a guest at the Angelus. The party has been touring the United States, and will remain here for the week.

Mrs. M. E. Carr and Miss Eleanor Carr of Pacific Grove, Cal., Mrs. E. M. Lowman and Louis Lowman, wife and son of the founder of Lowman, N. Y., which is their home, form a party of tourists staying at the Angelus.

D. A. Dandiro and bride are spending their honeymoon at the Lanker-shin. Mr. Dandiro is well known in Phoenix (Ariz.) mining circles. After a short tour of the State he and his wife will make their permanent home there.

W. Walker, division superintendent of the Santa Fe at Fresno; G. L. Wilson and A. Sherwood of the construction department and B. D. Holmes, Wisconsin, agent of the same road, are guests at the Hollenbeck.

Frank O. Meyer and Wife, Juanita Meyer, Mrs. J. K. Meyer, Blanche Meyer and Mrs. N. L. Reagan, form a party of tourists that has been traveling throughout the Middle West. They arrived yesterday at the Hollenbeck, and are registered from Wumetka, Ill.

Charles Blood Smith, an attorney of Topeka, Kan., and well known in political circles of that State, is sojourning for a short time at the Alexandria.

James E. Sprague and S. B. Taggart, who have kindred mining interests in Phoenix, Ariz., are guests at the Hayward, while here purchasing supplies.

W. I. Castanien Granted Decree from Wife Who Left Him Three Years Ago.

(BY DIRECT WIRE TO THE TIMES.)

RIOUX FALLS (B. D.) Aug. 11.—[Exclusive Dispatch.] A decree of divorce was granted W. I. Castanien from Rose C. Castanien on grounds of desertion. Service was made on defendant, March 27, and action was taken today by Judge Smith in the Circuit Court. C. E. Greenmeyer of Los Angeles, by affidavit, testified he knew the parties for five years as president and director of the Castanien Undertaking Company, and that the plaintiff admitted in his presence in December, 1930, that she had left the defendant.

The couple were married at Thornville, O., in 1917. The wife deserted in June, 1930. The petition was filed March 2.

VITAL RECORD

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

Deaths.

BETHUNE. At her residence, 925 East 25th, Mrs. Elizabeth M. Bethune, aged 74 years. Funeral service today at Los Angeles Crematorium at 2 p.m. Rev. Baker P. Lee, officiating.

NEGRO CLERK ASKS MERCY.

Old Employee of Postoffice Accused of Theft.

Several Hundred Letters Do not Reach Addressees.

Hard Luck and Divorce Suit Cited by Prisoner.

Berry William Sikes, a negro politician and veteran employee in the postoffice, was arrested yesterday, by inspectors on the charge of opening letters containing money. He was arraigned before United States Commissioner Williams and his examination was set for this afternoon. Bonds were fixed at \$2500, which the defendant was unable to furnish last night.

The inspectors believe that the arrest of Sikes will put an end to numerous thefts in the outgoing mail department. It is estimated that several hundred letters containing money or checks have failed to reach their destination, during the past few months.

A decoy letter, containing a \$2 and three 11 bills, was mailed the local postoffice, yesterday, and according to the inspectors, Sikes put it to one side and later rifled it for its contents. When taken into custody the negro had the marked bills in his possession, the Federal authorities state.

"I hope the government will deal leniently with me," said the negro. "While I will not admit that I have done anything wrong, I realize that appearances are against me."

"I have been up against hard luck for a long time. My wife brought suit for divorce, and that cost me a lot of money. She now has custody of my two children and is living separately, although the divorce was not granted."

"In addition to providing a living for my wife and children, I have the sole care of my aged mother. I have been in politics for many years and have worked hard for the Republican party. I influenced many colored votes for Senator Flint, and have always been ready to take care of my constituents."

Sikes has been drawing \$1100 a year as mailing clerk, and has been in the government employ since 1888. He had never been under suspicion, as far as is known, until three postal inspectors from the San Francisco division, were sent here to ferret out the leak in the local office.

These men, Kinard, Webster and Varney, the chief of the western force, have been working in this city for several weeks. What are called "lost letters" were traced to his quarters. He was arrested to prominent concern in the East, and bearing special delivery stamps.

The inspectors stated to the United States District Attorney that they found no evidence of thefts until Sikes returned from his vacation. The officers searched the clerk's room at No. 1235 Wall street. A number of articles were found there, they say, such as pens, paper, pads, office fixtures and other articles that appeared to have been mailed for sending out of the city.

BEER IN TEACUPS?
Bartender Arrested—Three Other Men Accused of Violating the Liquor Law.

Four arrests were made yesterday, for the sale of liquor, while the polls were open for the primary election. In each case \$100 bail was deposited and the proprietors of the places will be cited before the Police Commission to show cause why their licenses should not be revoked.

The first arrest was made about 4 o'clock, yesterday afternoon, when officers purchased beer in Rudolph Gahn's restaurant at No. 109 West Seventh street. The saloon which is operated in connection with the restaurant was closed, but E. J. McDowell, a bartender, was serving beer to customers in the back room of his place. He was arrested, but released on bail deposited by Gahn.

Francisco, proprietor of a restaurant at No. 679 San Fernando street, was also arrested while, as is alleged, he was serving beer to customers in the back room of his place. All day yesterday, the officers say, Yet You Low, who conducts a restaurant at No. 349 East First street, sold liquor to customers. He was arrested as was also Ming Ting, who has a restaurant at No. 460 East First street.

FOUL PLAY FEARED.
Collector Disappears Mysteriously. Accounts not Short and Wages Due Him.

C. J. Farenkoff, collector for the Los Angeles Ice and Cold Storage Company, disappeared last Friday under mysterious circumstances, and the police have been asked to investigate. He was last seen Friday evening, when he went to his room on Santa Fe avenue and changed his clothes. He told his family that he was going to the office of the company to turn in his collection, which amounted to some thing less than \$20. It is said that he did not go to the office, and no trace of him can be found.

According to the manager, who had his accounts audited Saturday, he was not short except on the collections he made Friday. One hundred and ten dollars in wages are due him. His family fears that he has met with foul play.

Farenkoff is 24 years old, weighs 175 pounds and is about five feet ten inches in height. He has a light complexion and blue eyes. He came here from St. Louis about a year ago.

LECTURES TO POLICE.
Thomas C. Murphy, son of William J. Murphy, delivered a lecture on "Temperance" to the police officers in the assembly room at the Police Station last night. About seventy-five men were present, and afterward expressed their appreciation to the speaker. Francis Murphy, a son of Thomas C. Murphy, sang two songs.

LAMP EXPLODES.
In a rooming house at No. 207 So. Tellico street, last night, a kerosene lamp was overturned and exploded, causing a fire which damaged the building to the extent of \$1000.

TAFT REPUBLICANS TAKE THE COUNTY.

Defeat the Leaguers by Over Two to One—Carry Eight Out of Nine Assembly Districts and Both Senatorial Districts—Will Control All County Nominations.

IN YESTERDAY'S primaries in Los Angeles county the Taft Republicans (regular Republican organization) made a clean sweep of everything but one Assembly district (the Pasadena district). They will have a majority of 150 to 200 in the county convention and will organize it. They will nominate the Supervisors, the Judges, all the Assemblymen but one, and the Senators, and will have complete control. The Lincoln-Roosevelt League was battered to pieces in city and county. Marshall Stimson and Russ Avery were snowed under and the league bosses were turned to the wall everywhere. The league was defeated in every ward in Los Angeles.

The Taft prosperity smile in Los Angeles county broadened out yesterday and consumed the bosses of the Lincoln-Roosevelt League. The Taft Republicans captured every Assembly district in Los Angeles city, all but one Assembly district in the county, the two Senatorial districts in which elections were held, and the three Supervisory districts. The returns at midnight indicated that the Taft Republicans will organize the county convention with a clear majority of 300 votes.

President now enjoys the doubtful distinction of opposing city and county consolidation and supporting the Lincoln-Roosevelt League; its vote was sufficient to carry one lone Assembly district for the leaguers.

WINNING ASSEMBLY CANDIDATES.
Sixty-seventh Assembly District—H. G. Cattell, L. R. League.
Sixty-eighth Assembly District—P. F. Cogswell, Taft Republican.
Sixty-ninth Assembly District—Harry Barnard, Taft Republican.
Seventieth Assembly District—Walter Leeds, Taft Republican.
Seventy-first Assembly District—P. A. Stanton, Taft Republican.
Seventy-second Assembly District—J. N. O. Reeh, Taft Republican.
Seventy-third Assembly District—J. P. Trampus, Taft Republican.
Seventy-fourth Assembly District—W. J. Hanlon, Taft Republican.
Seventy-fifth Assembly District—Perry V. Hampton, Taft Republican.

WINNING SENATORIAL CANDIDATES.
Thirty-fifth Senatorial District—N. W. Thompson, Taft Republican.
Thirty-seventh Senatorial District—H. M. Hurd, Taft Republican.

THE CITY.
The Taft Republicans carried every ward in the city.
The vote of Los Angeles west of Main street is the heaviest ever recorded in a primary election. The league bosses claimed that if there was a representative vote they would be certain to win. The vote was heavier than the leaders of either party anticipated and the result is so decisive that the county convention will be a ratification meeting of Taft Republicans.

The incomplete returns indicate that the Taft forces carried the city by 700 majority, and that they won in each of the nine city wards, an unprecedented victory.
Leon F. Moss, chairman of the Republican League Campaign Committee, sat at his desk receiving the returns last night, clad in a Taft prosperity smile and other things.
Meyer Lincoln, chairman of the executive committee of the L. R. League, is now a boss without a following. Sidney A. Butler, chairman of the league, realized early in the day that he had met his Waterloo. He went north before the polls closed to search the coast of Alaska for a political St. Helena.

CASE OF CROOKEDNESS.
The overthrow of the bosses of the Lincoln-Roosevelt League is complete. As a fitting finale, Robert Mitchell, the candidate of the Lincoln-Roosevelt League in the seventy-fifth Assembly District, was caught in the act of repeating. He confessed last night that he had voted twice. His only defense is that he "had forgotten" that he had voted before.

An application will be made to the District Attorney this morning for a complaint charging Mitchell with violation of the purity of election laws. At the eleventh hour, Supervisor Taft Republicans broke faith with the George Alexander, who advised him to combine with Farwell, the Lincoln-Roosevelt candidate for the Assembly. The result is that "Uncle George" may be nobody's uncle, when the county convention meets.

The political pike was badly cluttered up last night with the wrecks of the Lincoln-Roosevelt League.

CLIMAX.
The expectation of the creditors is that they will get nearly dollar for dollar of their money from Dorr's estate. No accurate estimate of his debts is possible, but his assets are considerable.

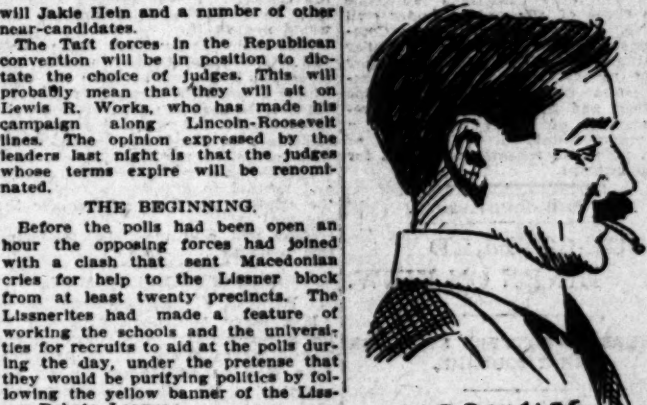

His seats on the New York and Chicago exchanges are expected to bring \$100,000 or more. His property in Los Angeles is of great value. His yacht, Yankee Girl, is regarded worth very little. Dorr paid about \$20,000 to have her built, but she was a comparative failure, according to yachtsmen.

Many of Dorr's smaller creditors, and some of his larger, feel very kindly toward him, and express regret that he was not allowed more of a chance to get out of the mire.

They state that the real source of his trouble was the crash in copper last October. He lost heavily in his own money trying to hold up his copper stocks. He pledged and pledged his best securities and in the opinion of the broker world he was "buckling" the stocks of his customers in a desperate hope of holding up his losses.

His apparent adventure in "buckling" was more disastrous than his flyer in copper, as the market went up when he expected it to go down. Many of his friends feel that he could have pulled himself out if he alone. Dorr's expenses were tremendous, however.

From the view taken by the District

Kurtzmann

—At Its Price the Kurtzmann is the Greatest Piano in the World.

The Kurtzmann Piano has been successfully made for 60 years. It is a high grade instrument in every respect, but the price puts it within the reach of the most moderate pocketbook.

The Kurtzmann Piano can be supplied to meet any and every requirement. The case designs include Louis XV, and many other historic periods, in Mahogany, Oak and Walnut, in different shadings. Then there are the special Mission and Art cases—designs peculiar to the Kurtzmann.

The Kurtzmann Upright Skeleton Frame is made to assure perfect tone, a permanent tune.

The Kurtzmann is priced from \$375 to \$500—according to case design. It can be purchased on easy terms when desired.

Because of our large output of Kurtzmann Pianos, we have numbers of slightly used instruments which are offered at great reductions. Small monthly payments may be arranged.

When the question of price is the only consideration we can supply a new Piano as low as \$150.

PUBLIC SERVICE OFFICIAL DOINGS.

SUMMARY OF THE DAY.

The task of having the city budget down to the limits of the municipal income has been concluded and the Mayor and Council will pass on the work today.

The Police Commission will visit Chavez Ravine Friday to investigate the blasting shocks of which residents complain.

The Mayor yesterday accepted Charles H. Fuller's resignation from the police commission.

Judge Conroy held evidence yesterday in the \$10,000 damage suit brought by W. S. Crane against J. F. Tomasack and George Tomasack, accused of maintaining a pottery alleged to be a nuisance.

W. A. Mayr, in Judge James' court yesterday, continued his story of his life with Mrs. A. E. Mayr.

Charging fraud, Mrs. Mary McLennan yesterday filed in the Superior Court a suit against Robert Marsh and Company, and others, for an accounting on a real estate deal.

AT THE CITY HALL.

BUDGET HEWN TO FIT FUNDS.

MAYOR AND COUNCIL TO PASS ON IT TODAY.

Provision Made for Beginning of Great Concrete Bridge Over the River at Buena Vista Street, for Which Contract Is to Be Let Next Month.

The city budget for the fiscal year beginning June 1, 1933, will be presented to the Mayor this morning at 9 o'clock. In order to properly present it the Mayor will have to visit the concrete room in the attic of the City Hall, where Auditor Muesel and the Council Finance Committee have been working over it for a week.

All the Councilmen will be present. The committee has wielded the ax on some parts and applied the knife to others and has been able to bring the estimates within the probable revenue of the city. As the estimates originally called for over \$5,000,000, and the estimated revenue was \$1,500,000 less, the ax was most used. The hewers are reticent about budget items.

Now the Mayor and the other Councilmen will take a look at the job and see if some of the leaved limbs should be replaced and others chopped off.

This afternoon at 1:30 o'clock the City Council will meet in public session to act on the budget.

In the line of permanent improvements the budget provides for about \$250,000 for four new bridges. The principal item will be for the Buena Vista street bridge, which is to be over 1000 feet long and is to cost, all told, about \$250,000. Of this the city share will be about \$175,000. The other bridges are at Main street, Delaposa street and Seventh street. The budget does not appropriate the entire sum necessary for their construction, but provides for as much as may be done this year. A contract for the Buena Vista street bridge is to be let next month.

Provision has also been made, it is understood, for new fire stations, one near the Santa Fe station, on ground to be purchased and the other on Main street near Vernon, on ground already owned by the city.

MAYOR ANSWERS ST. GEORGE.

TEST CHARGE EXPLOSIONS.

"That's none of your business," was the answer A. G. St. George got from Mayor Harper at a meeting of the Police Commission yesterday afternoon.

St. George had preferred charges against Patrolman N. Carr for battery. St. George, who found Chief of Police Kern the principal questioner for the defense, asked the Mayor whether Kern represented the people or the police, and whether the people or the police paid Kern's salary. The Mayor's answer brought a laugh from the crowd.

Several witnesses testified to the unnecessary violence of Carr in handling the large crowd of applicants for places at Blumhagen's July 27. Carr was so dispirited that Carr pushed St. George over a bicycle and caused him to fall in the street. Carr did not deny the charge, but said he did not see him fall. The commission took the case under advisement.

After the commission, after a hearing, to visit Chavez Ravine Friday morning to investigate the complaints of the explosions caused by the Los Angeles Brick Company in its machine material from the hillside. Officers of the company, who were present, promised a number of shots would be fired for the information of the commission as to their general effect.

About twenty residents of the ravine along Figueroa street, who were present to demand that the blasting permit of the brick company be revoked. Percy R. Wilson, representing the company, stated that it had been there fifteen years, long before the complaining property owners, and had investment of \$150,000. Its payroll has not been less than \$5000 a month, even in the depressed times, and the revocation of the blasting permit meant that the company would have to abandon its business. Although the brick plant had much delicate machinery he said the blasting had never affected it.

The Mayor asked how long the supply of material would last.

"Twenty-five years," was the answer.

The Mayor had thought there wasn't much blasting yet to be done and the blasting would soon stop anyway; but he gave up that idea.

C. T. Spradling, No. 1023 North Broadway, spoke for the complainants. He declared one violent blast had shaken his house that when he attempted to get out to see what had happened he had to try the door open. He also said the precipice caused by the blasting was so steep that a woman and a cow fell over it recently.

Several women who live on the hillside were present and promised the Mayor and the commissioners a good chicken dinner if they came at noon to judge the explosions for themselves. It was then that the company offered to fire a few shots.

"And see that they have a full charge, too," said Spradling.

The petition for a reduction of automobile speed on the street, between Broadway and Hoover streets, was denied. Roy Hillman, speaking for the Automobile Club of Southern California, said the petition for a reduction of speed to twelve was unnecessary and the danger on Pico street would be eliminated if the chauffeurs who drive forty to sixty miles an hour were punished. In the name of the club he asked that the police give special attention to the offenders. No one appeared for the petitioners.

Commissioner Lewis' report on the petition of the Southern California Rifles for permission to put a range

from a hundred neighbors. The commission promptly denied the petition. A. J. Norton's application for a stock yards license was granted after J. L. Witherspoon had decided to be outside the jurisdiction of the commission.

Accepts Fuller's Resignation.

Mayor Harper formally accepted the resignation of Police Commissioner Fuller yesterday, at the same time assuring Fuller of his full confidence.

The Mayor said he was successful in mind who has not been consulted, but who probably will accept. The Mayor is working on his committee of fifty business men to consider the red-light district, but will not announce the names until he has consulted all.

Heavy License Receipts.

The receipts of Los Angeles from license during July was the largest in the history of the city, \$1,559,552. This total was swollen by the accumulated car taxes due from the electric lines because of the delay in the number of cars in use. This item added \$200,000, representing a quarterly tax of \$425 on each car. The receipts exceed those of April, another record-breaking month, by over \$10,000.

Civil Service Dutiful.

Putting the fact that the Civil Service Commission happened to meet on the day of the primaries and remember the duty of electing eyes, the employees of the city office stuck to their tasks faithfully yesterday. The only desertions noticeable were those of officers and clerks of the Civil Service. When the Civil Service Commissioners came for their regular meeting yesterday afternoon they found "everybody home." The commissioners transacted much routine business and in this recommended its reinstatement of Harvey M. Home, a policeman dismissed for neglect of duty, who was recently reinstated for reappointment.

AT THE COURTHOUSE.

SOOT-COVERED LINEN ON VIEW.

OWNERS OF POTTERY SUED FOR TEN THOUSAND.

Neighbor Charges It Is Nuisance as Milk Is Defiled and Property Made Valueless—Many Witnesses on Both Sides—Defense Denies Allegations—Trial Continued.

A pile of soot-covered bed linen on the table in Judge Conroy's courtroom was eyed with much interest yesterday by 120 persons who live near J. F. Tomasack & Son's pottery, at No. 578 East Forty-eighth street. They were called into court as witnesses in W. S. Crane's \$10,000 damage suit against the Tomasacks, whose establishment was alleged to be a nuisance.

Crane testified that he lives within 150 feet of the pottery and conducts a dairy business, that he is unable to sleep at night because of the noise in the pottery; that the soot from the oil used in burning penetrates through every crack and crevice of his house; that the gases make his family sick; that the pains of milk in his dairy are made unfit for use by the soot which drops into them, and that a washing hung on the line frequently has to be done over again. He produced the pile of soot-stained bed linen to substantiate his statements. He added that he owns several houses in the neighborhood, which in his dairy are because of the noise, dirt and odor from the factory.

J. F. Tomasack denied all the charges. He said the pottery was established ten years ago and that not until the last nine months have any objections been raised by neighborhood residents, and that the said were few. He denied that Crane's houses lack tenants for this reason.

About twenty witnesses were called by each side, and the defense succeeded in showing that part of the soot-covered bed linen exhibited had been laid on the ground, and was not from the pottery. Crane testified that they were annoyed by the noise and dirt of the pottery were few in comparison to those who said that they did not consider the pottery offensive.

Former tenants of Crane declared that they did not leave because of noise and dirt, and that they did not see him fall. The commission took the case under advisement.

After the commission, after a hearing, to visit Chavez Ravine Friday morning to investigate the complaints of the explosions caused by the Los Angeles Brick Company in its machine material from the hillside. Officers of the company, who were present, promised a number of shots would be fired for the information of the commission as to their general effect.

About twenty residents of the ravine along Figueroa street, who were present to demand that the blasting permit of the brick company be revoked. Percy R. Wilson, representing the company, stated that it had been there fifteen years, long before the complaining property owners, and had investment of \$150,000. Its payroll has not been less than \$5000 a month, even in the depressed times, and the revocation of the blasting permit meant that the company would have to abandon its business. Although the brick plant had much delicate machinery he said the blasting had never affected it.

The Mayor asked how long the supply of material would last.

"Twenty-five years," was the answer.

The Mayor had thought there wasn't much blasting yet to be done and the blasting would soon stop anyway; but he gave up that idea.

C. T. Spradling, No. 1023 North Broadway, spoke for the complainants. He declared one violent blast had shaken his house that when he attempted to get out to see what had happened he had to try the door open. He also said the precipice caused by the blasting was so steep that a woman and a cow fell over it recently.

Several women who live on the hillside were present and promised the Mayor and the commissioners a good chicken dinner if they came at noon to judge the explosions for themselves. It was then that the company offered to fire a few shots.

"And see that they have a full charge, too," said Spradling.

The petition for a reduction of automobile speed on the street, between Broadway and Hoover streets, was denied. Roy Hillman, speaking for the Automobile Club of Southern California, said the petition for a reduction of speed to twelve was unnecessary and the danger on Pico street would be eliminated if the chauffeurs who drive forty to sixty miles an hour were punished. In the name of the club he asked that the police give special attention to the offenders. No one appeared for the petitioners.

Commissioner Lewis' report on the petition of the Southern California Rifles for permission to put a range

from a hundred neighbors. The commission promptly denied the petition. A. J. Norton's application for a stock yards license was granted after J. L. Witherspoon had decided to be outside the jurisdiction of the commission.

Accepts Fuller's Resignation.

Mayor Harper formally accepted the resignation of Police Commissioner Fuller yesterday, at the same time assuring Fuller of his full confidence.

The Mayor said he was successful in mind who has not been consulted, but who probably will accept. The Mayor is working on his committee of fifty business men to consider the red-light district, but will not announce the names until he has consulted all.

Heavy License Receipts.

The receipts of Los Angeles from license during July was the largest in the history of the city, \$1,559,552. This total was swollen by the accumulated car taxes due from the electric lines because of the delay in the number of cars in use. This item added \$200,000, representing a quarterly tax of \$425 on each car. The receipts exceed those of April, another record-breaking month, by over \$10,000.

Civil Service Dutiful.

Putting the fact that the Civil Service Commission happened to meet on the day of the primaries and remember the duty of electing eyes, the employees of the city office stuck to their tasks faithfully yesterday. The only desertions noticeable were those of officers and clerks of the Civil Service. When the Civil Service Commissioners came for their regular meeting yesterday afternoon they found "everybody home." The commissioners transacted much routine business and in this recommended its reinstatement of Harvey M. Home, a policeman dismissed for neglect of duty, who was recently reinstated for reappointment.

Andrew Jackson, 7th President of the United States.

ENERGY of character—this is the first essential of all Human Greatness and General Jackson, one of the most picturesque figures in history, possessed it in plenty.

Of Scotch-Irish lineage, and a fighting man to his finger tips, the strategy "Horse Shoe Bend" proved that he understood the art of war, but it was a battle of New Orleans that made him president.

He was a great lawyer, a bold statesman; had a clear head for business, nothing could daunt him nor break his purpose. All his life he drank the generous creative juices of the malt.

And who will dare say that it weakened his will power or detracted from success, his fame, his glory, and his might.

OF THE 883 delegates to the Republican county convention in Los Angeles, 212 from the city of Los Angeles and 671 from the rest of the county.

The Democrats admit that they have little chance to win in any of the assembly districts. They are content with what hopes they possess on the gubernatorial fight; they think it possible to effect a combination ticket with a Democrat from the first district in the Second district, and another in the fourth district. These hopes are based on the belief that the League vote will force the party in opposition to the Taft nominees to the extent of voting for a Democrat in the fall.

The Socialist and Independent League vote was so slight that in no precincts it couldn't be discovered with a microscope.

Mrs. Lulu Freeman of No. 118 West Eighth street gave a delightful little luncheon to her intimate friends recently. The luncheon was artistically decorated with still life roses, a large bouquet of them occupying the center, while over the cloth were scattered tiny blue. Each guest found at her place a hand-painted card bearing her name. In imitation telegram was fastened to each card, for which appeared the names of Miss Lulu Freeman and William Martin. It was in honor of their wedding.

Miss Rose, to Alexander Silverstein of this city. The ceremony will take place Sunday evening. After an extended trip, the young people will make their home in Los Angeles.

Bride and Groom. Mr. and Mrs. Carl B. Marti, who were recently married, are at Hollywood, where they will spend a few days before leaving for Catalina. They will later visit Mr. Lowe.

Twilight Wedding. Miss Gertrude Godfrey, daughter of

Miss Gladys Rich, who will leave today for Stanford University, where she will enter school.

engagement that the affair was given. Mrs. Freeman's guests included Miss Mary James, Miss Margaret Uyll, Miss Bertha Cronkite, Miss Isabelle, Miss Lucy Kealey, Miss Maude, Miss Clara Alden, Miss Helen, Miss Augustus Sheiborne, Miss Mrs. Robert Lippold and Miss E. Rives. In the evening the following gentlemen came in for tea: F. Martin, A. E. Cook, George, Mrs. Sidney Alden, Dr. Robert Lippold, Augustus Sheiborne, Mr. Retz, W. Gates, Mr. Van Nuy and Will.

Evening Wedding. Miss Clara Hudson, daughter of Mr. and Mrs. B. H. Hudson of No. 18 North Beaudry avenue, was married to George R. Wood of the Union Oil Company, at the home of the bride's parents. The ceremony was read by Rev. A. B. Pritchard, pastor of the Central Presbyterian church. After the ceremony a reception was held. The bride wore a gown of white with tulle, trimmed with blue and white tulle, and carried a shower bouquet of roses. Her bridesmaids were Miss Kathryn Hudson, who wore a gown of pale-green mull, and Miss Josephine Dunn, who wore a gown of white. The groom wore a suit of dark blue. The wedding took place at 7 o'clock.

At Redondo. Maj. E. F. C. Klokke and family of South Figueroa street are enjoying an outing at Redondo Beach.

Return from Springs. Mrs. E. F. Bryan and daughter, Miss M. E. of No. 41 Westmoreland Place, have returned to this city after a month's visit at Arrowhead Hot Springs.

Mrs. Bekins Hostess. Mrs. Martin Bekins of South Figueroa street last evening gave a dinner of eight covers, in compliment to her house guest, Miss Laura Norton of Oakland.

WEDDING TRIP SURPRISE. Guests Catch up With Young Couple at Station and Shower Them With Shoes.

There was an ominous lack of rice and old shoes when Mr. and Mrs. Henry H. Heaton drove away from the home of Mr. and Mrs. N. Howell, the bride-elect, on their wedding trip to San Francisco and Portland. They were surprised at Arcade Station when the wedding guests appeared in force and showered them with the belated rice and old shoes. Some of the old shoes accompanied the couple, but on the roof of the train.

CHAPTER IV.

Vandracken left Von Tarsenheim's room feeling a must to some one immediately. Remembering his promise to Lord Ancester, to tell him the result of his meeting with the writer of the letter, he went straight to that nobleman's chambers. His chauffeur was surprised to hear Vandracken enter. "Let her tip, Morton. This is not a funeral procession!" For hitherto he had not been bitten by the speed mania. But now that he was on the threshold of buying immunity from some of the limitations of the body, he began to realize his antagonism to the limitations of space and time. Morton, the chauffeur, did his best, but they were held up by a block in Piccadilly.

"What make of motor is this, Morton?" chafed Vandracken. "An Upton, sir."

"Is it the fastest there is?" "Lord, no, sir! But it is the best all-round, comfort, safety, appearance and as fast as there's any use for."

"I've used for the very fastest, Morton. I'm tired of crawling. What is it? Where is it to be?" "The Verdon-Paris. But—"

"Well, go to Paris tonight, and buy me one. Damn this block! I could get there in half an hour. I'm losing years of life going about so slowly!" "All right, sir. I'll buy it, but I really couldn't undertake to drive it."

"Well, then, buy me some one who will, Morton. You can drive the electric bus, and there's a There!—now you can get through!" The Earl of Ancester was born with a silver spoon in his mouth, but his well-meaning relatives had conspired with circumstances to jerk it out. Because he was an Earl, and had a very good income, they insisted on melting down his money and pouring it into the hands of some other person. He was a young man of wealth and position. Nature meant the boy to be a scientist and dream dreams, and create beauty in some form or another. His uncle and guardian, thoroughly conventional men, decided that the only way to eradicate this deplorable and morbid tendency was to send him to a public school education with a cavalry regiment.

His imagination, however, was not so easily tamed. It was a very good income, they insisted on melting down his money and pouring it into the hands of some other person. PASADENA.
TO MARRY HIS
SISTER-IN-LAW.HEALTHY MAN A PRINCIPAL IN
REAL ROMANCE.

Widower Has Task of Caring for
His Children Made Easier by As-
sistance of Deceased Wife's Sister
and Will Shortly Wed Her—Crown
City Notes.

Of the Times, No. 318, Raymond Ave.
PASADENA, Aug. 12.—Intimate
friends and neighbors of Charles Freder-
ick of No. 1201 Summit avenue
state that at a quiet little dinner given
last evening, two ago, it was an-
nounced that Mr. Frederick will
shortly wed his sister-in-law, Miss
Hagerty. Miss Hagerty herself
says she cannot account for the
report, but her closest friends assert
it is true, and that the wedding
effort is being made to keep the
engagement announcement secret until
the wedding day.

Mr. Frederick is connected with a
furniture company of Los Angeles.
He is a man of independent
means, with a beautiful and costly
home, and several attractive children.
Miss Hagerty is the sister of Mr.
Frederick's deceased wife, and there-
fore is a very close friend of the
widower. The wedding will be a
very quiet affair, and the wedding
party will be very small.

WANDERING GIRL FOUND.

One of the most pathetic cases re-
ported in the Pasadena Humane So-
ciety is that of little Nina Edlund, the
seven-year-old girl who so strangely
appeared from her home last Sat-
urday. She was found last evening
huddled in a doorway, looking
hungry and ill. She was taken
home by W. G. Morrell of No. 497 Wil-
son avenue. Morrell is a neighbor
of the family, and the very first thing
he did was to take her to the Pasadena
Humane Society in the City Hall.
When questioned the girl said she
had been in the city for some time,
but she was not telling the truth, for
she had been in the city for some
time, and she was not telling the truth.
The authorities do not know where
she came from, but they are trying
to find out. The girl is now in the
care of the Pasadena Humane Society.

PASADENANS NOT GUILTY.

The auto which ran down and killed
Melvin Mendelhall in Los Angeles
last night, Pasadena, though it
may have been the property of a
Pasadena resident, is not the prop-
erty of a Pasadena resident. The
owner of the car, a Pasadena resi-
dent, is not the owner of the car.
The car was owned by a Pasadena
resident, but it was not the prop-
erty of a Pasadena resident. The
car was owned by a Pasadena resi-
dent, but it was not the prop-
erty of a Pasadena resident.

LAW TAX RATE.

Pasadena is to have the lowest tax
rate in the county. The City Coun-
cil yesterday practically
voted upon a rate of \$1.04, upon re-
commendation of City Auditor Kellogg.
This is the lowest in a decade and
is made possible through the surplus of
\$25,000 left from last year's surplus.
The rate is the lowest in the county,
and it is expected that the rate will
be the lowest in the county.

BOND ELECTION DATE SET.

Mayor Earley announced yesterday
that the municipal bond election
will be held on the 12th of September.
The election will be held on the 12th
of September. The election will be
held on the 12th of September.

of September. The election will be
held on the 12th of September.

pal water project. A favorable an-

answer is generally anticipated.

PASADENA NEWS NOTES.

News has been received by wire that
the supervising architect of the Treas-
ury Department will probably be in
this city within a month to look over
sites for the proposed Federal build-
ing. It is expected that at the next
session of Congress an appropriation
of at least \$200,000 will be made for
the construction of the building itself.
The merchants of the city have re-
newed the agitation to have public
carriages and trucks kept off the more
congested business streets. This mat-
ter has been repeatedly before the
City Council and will probably be
again referred to that body by the
Merchants' Association.

This evening there was a delightful
dance at Strain's Camp, Mr. Wilson,
Verde, was furnished by the Temple
Auditorium Orchestra. Thursday
evening there will be a ball masque at
the Peak.

Artists' materials at Wadsworth's.

See Phelps for fine wall paper.
Buy Chamber of Commerce bonds on
a basis of 94 per cent. of B. O. Ken-
dall Co. or other Pasadena agent.
The Virginia, Long Beach, equalled by
none. Moderate rates for the summer.

POOLROOM CASE AGAIN.

Papers in South Pasadena Suit Prove
Faulty and Are Returned by the
Supreme Court.

SOUTH PASADENA, Aug. 11.—The
papers in the Murphy poolroom case
were returned to the Pasadena Superi-
or Court today by the Supreme Court.
The papers were returned to the Pa-
sadena Superior Court today by the
Supreme Court. The papers were re-
turned to the Pasadena Superior Court
today by the Supreme Court.

ONEONTA PARK TENNIS.

The Oneonta Park Tennis Associa-
tion has just completed a two days'
tournament. Doubles were won by Wel-
ford Seay and Harry Moore and singles
by Welford Seay.

Mr. and Mrs. J. H. Jacobs, El Centro

street, and Mr. and Mrs. J. C. Jacobs
and son, No. 1414 Oxley street, left
today for a week's visit to San Diego.

Mr. and Mrs. Fred A. Bush of Sil-

ver City, N. M., are guests of the
Silver City "Enterprise."

William H. Vatcher of San Fran-

cisco arrived today on a visit to his
parents, Mr. and Mrs. H. Vatcher, Sr.,
of the Caviston Oak Farm. Mr. Vatcher
has recently returned from an
extended tour of Europe.

J. A. Snider, ticket agent for the

Santa Fe, and his family, returned
this morning from a trip to St. Louis.
W. H. Schindler and family, recently
of Oak Park, Ill., who have been liv-
ing at Hotel Capitola, moved this week
to their new home, No. 1100 Windsor
Place.

William Axman and children, of No.

Montevideo Road, visited Sunday
with Mrs. Axman at Ocean Park.

Walker Jones has sold his confection-

ery and cigar business at the Arroyo
Verde Springs to J. Ford, formerly
treasurer of Fullerton.

HOLD-UP AT MONTEBELLO.

Marketmen Give Lift to Two Stran-

gers Who Knock Him Senseless and
Rob Him.

WHITTIER, Aug. 11.—Thomas Den-

tura was held up at Montebello this
evening. He had brought in a load of
produce for the market and was re-
turning home. When about half a
mile west of the Catholic cemetery two
men asked him to give them a lift in
his wagon. He did so.

After awhile one of the men pur-

posely dropped his hat in the road
and asked Dentura to stop while he
reigned the headgear. As the rig came
to a standstill the man pointed a
gun at Dentura and commanded him
to hold up his hands. As he was about
to do so the other fellow clubbed him
senseless. The highwayman then re-
turned to the car and took the money
and other valuables. The men then
drove off in the car.

WHERE?

FEAR BABY HAS

BEEN STOLEN.

LONG BEACH CHILD STRANGELY

MISSING AT HOLTVILLE.

Canal Near New Home Has Been

Dragged Without Result and

Opinion Is Expressed That Boy

Has Been Kidnaped—Police De-

partment Changes.

LONG BEACH, Aug. 11.—Word was

received here today of the disappear-

ance of a 15-month-old baby of

Mr. and Mrs. John Ward, who recent-

ly removed from Long Beach. A canal

near by was dragged without result,

and the fear is expressed that the

baby has been kidnaped for ransom

money.

POLICE CHANGES.

In order to add to the efficient work-

ings of the police department and at

the same time relieve Chief Williams

of considerable extra work, some

changes were made today in the as-

signments of the station. A detective

branch has been added, with Sgt.

Fred Phillips at its head. Capt. Clayton

McGowan will take charge of the

night force and of the station. Officer

Harvey, for three years one of the

most efficient men on the force, has

been assigned to the Pacific Electric

Railway as motorman. His place will

probably be filled by C. V. Brown,

who stands first on the civil

service list.

Irene Johnson, aged 11 years, fell

from a swing this morning at her

home on Esperanza avenue and broke

her right arm just above the wrist.

DIES SUDDENLY.

Luther Green, 65 years of age, died

rather suddenly last night at a local

hospital of heart failure. He leaves

three sons, one of whom, Moyer, was

married recently to Miss Elizabeth

Drake in Los Angeles. Deceased had

been a resident of Long Beach about

two years.

FAVORED SOUTHLAND.

Clearmont Acreage Sells for Twenty-

eight Times What It Cost Six

Years Ago.

CLEARMONT, Aug. 11.—An impor-

tant sale was made here today, where-

by Owen Hotel of Pomona disposed of

the south ten acres of his Clearmont

orange grove to Mrs. L. A. Squire of

this city, stated consideration \$7000

cash. The deal was put through by S.

N. Curry. There are no buildings and

the place is set to orange trees three

years ago.

It is doubtful if in any other part

of the world a man can get as good

returns for his labor and money ju-

st as in this favored Southland. Hotel

bought this land for

\$25 per acre six years ago. It was

then covered with brush, rocks and

cacti, and was considered dead at the

price. Soon after purchasing it, a

brush fire swept over hundreds of

acres above this city, and the hotel

owners discovered that the soil beneath

the rocks was of the very best. He

clears the rocks and cacti, and the

orange trees, and in three years sells

at \$125 per acre. The deal is con-

sidered a very conservative price for

a young orchard which has had the

best of all.

S. A. Sanderson today sold his nine-

acre, four-year-old orange grove on

Mesa avenue to the Wimbley Brothers,

winning twenty from the railroad. The

consideration, \$4000, the deal being con-

summed by S. N. Curry.

STRIKES WATER.

George H. Norton is receiving the

celebration of his first strike for his

good luck in striking an excellent strat-

BILLOWS BEAT THE DASHBOARD.

NEW SCHEME TO GET ENERGY FROM WAVES.

Angelo Has Curious Device to Harness the Ocean at Santa Monica—Reading Waves Have Unhappy Faculty of Washing Kelp Into Machines.

SPECIAL CORRESPONDENCE OF THE TIMES.
SANTA MONICA, Aug. 11.—It is a dull month that develops no new wave motor project. The latest attempt to harness the power of old ocean is being made by Woods Porter of Los Angeles, who believes in the fact that the bounding billows beat against the dashboard of his device he will be able to convert the pressure thus exerted into energy that may be utilized for commercial uses. The breakwater, which is being built by the city of Los Angeles, is being used to exert their strength, is mounted on trucks and equipped with a long piston rod. This is connected with another car running on the same track, but above the water line. The piston rod in theory is designed to have a stroke of 12 inches. The power developed beyond that, dependent upon the force of the breaker, will be lost in pushing the car carrying the piston along the track. The piston rod returns to its original position through the energy developed by a spring and responding to the laws of gravitation, both cars glide down the grade, with the dashboard in the water to receive the next wave.

The device seems to work nicely when the seas are smooth and regular, although the reading waves have an unhappy faculty of covering the tracks with sand and washing help and sand into the mechanism to interfere with its regular and steady operation. Several schemes have been suggested for taking the power, when it is once developed from the piston-carrying car, but the success of the invention depends upon the regular and unflinching motion of the rod itself.

RANCHERS ORGANIZE.
The desert move ranchers whose homes and claims are in the Cañon of the Santa Monica range of mountains will meet here Saturday afternoon to organize an improvement association. The object is to secure systematic work in the building of a wagon road through the cañon, where the grade is said to be far easier than that of the country road through the cañon. The men also desire mutual protection against hunters and campers, who are said to have been responsible for the recent forest fire.

DEMOS. THE City Council has requested the Mayor to appoint committees to have charge of a great public demonstration to be held here upon the completion of the new reinforced concrete pier. This is the first structure of the kind in the West, much interest is being manifested in it by citizens and transportation companies having interests on salt water.

SUBSTATIONS. While none of the beach postmasters are discussing the matter, it is known that each entertains a fear that it is a part of the plan of the postal department to make the Venice, Ocean Park and Santa Monica offices sub-stations of Los Angeles as has been done with Compton and as is proposed for Alhambra.

At the request of the Los Angeles Pacific Railway Company, an ordinance is to be passed by the City Council providing for the screening of the headlights of all trolley cars passing through the city.

The city treasury is in receipt of a check amounting to \$24,414, estimated by the Los Angeles-Pacific to be the amount due the city by reason of the north loop franchise. The sum is 2 per cent of the earnings of that division for the year. The Edison Electric Company has also paid \$75 to the city for its franchise fee for three years.

BOW TO AUTOISTS. The Board of Trade Automobile Committee has appended to the City Council a resolution to remove some of the speed restrictions as regards Ocean avenue and some of the other boulevards. It also asks for the calling off of the plain clothes motor police. The matter has been referred to the committee of the whole.

BETWEEN TWO CITIES. The opening of bids for city printing for the current year has developed a peculiar situation. The Ocean Park division line, has bids before the Santa Monica City Council as well as the Ocean Park City Council. The latter holds that inasmuch as the paper is published in Ocean Park and pays taxes there on its plant, it is not eligible to do the public printing here. The latter contented that as the business office is in Santa Monica and the paper is entered in the Santa Monica postoffice as a second-class mail matter, and has its business and editorial office in that city, it is not entitled to the public business of Ocean Park.

FLYER SERVICE. With a view to securing better service on the Los Angeles Pacific Railway, the Board of Trade Executive Committee met in conference with General Manager R. P. Sherman. The latter said that as soon as the new franchise is granted there will be an increased service over the north loop. He stated in addition that early in September a "flyer" service would be instituted over the Santa Monica air line via Palmdale, between the city and the beach. A committee consisting of P. H. Smith, W. H. Atwell and L. B. Goodrich was appointed to confer with Mr. Sherman, Wednesday, with a view to arranging a temporary schedule that might offer relief until the new service is inaugurated.

TO THROW OUT LIFE LINE. The initiative is to be taken at once by members of the Board of Trade to secure better bathing facilities for the patrons of North Beach. It is proposed to erect a bath house and a life line near the foot of Nevada avenue. When that is done it will no longer be necessary for bathers to parade half naked through the streets of the city, on their way from their homes to the surf.

CHARMING ROMANCE. With the marriage in Los Angeles tomorrow of William F. Petherick and Miss Olive Waldron a pretty little romance will be culminated. The former is a tutor at the California Military Academy, and the bride-elect was recently called to that institution in the capacity of trained nurse. It was a case of love at first sight. Santa Monica is to be the home of the couple following a brief bridal tour.

ROAD GOES AHEAD. The second bargeload of ties to be used in building the Huemul, Malibu and Port Los Angeles Railroad has arrived at the Malibu wharf. Unloading is now in progress. The new
